

## SUSTAINABILITY THROUGH LITERATURE AND CULTURE 2024-25

### Objectives:

- To learn about the environmental, sociopolitical and cultural aspects of sustainability.
- To create awareness of the participants, as school community (younger students and families) about the topic of sustainability.
- To cooperate with European schools and institutions to strengthen our European sense of community.
- To improve the writing of short stories.
- To develop artistic expression through the illustration of tales.
- To enhance digital skills of students and teachers through the creation of digital products and virtual collaboration (digital book and short animation videos).
- To disseminate the project to our school community (student-teachers-parents).
- To improve English language skills
