

LIST OF TASKS WITH POLAND 24-25 - PRIMARY SCHOOL

Project name: **WE LOVE OUR BIRDS**

Research topic: **Biodiversity in our school and city**

Objectives:

- To become aware of the importance of biodiversity loss in our area.
 - To learn how to identify the biodiversity we have in our school and make a scientific register, focusing on birds.
 - To compare biodiversity in schools between participating countries and make proposals to increase this biodiversity.
 - To cooperate with European schools and institutions to strengthen our European sense of community.
 - To enhance digital skills of students and teachers through the creation of digital products and virtual collaboration.
 - To improve English language skills, being the language of communication for this project.
1. Article or video about biodiversity loss to comment in class (focusing on birds).
 2. Presentations/posters about common birds in our area.
 3. Scientific register in our schools.
 4. Compare results with countries.
 5. What are the needs of the birds we found? (research)
 6. Make proposals to improve biodiversity.
